

FLEXTOOL BRICK AND MASONRY SAW FBS-36E

The Flextool Brick and Masonry Saw FBS-36E offers high precision cutting of bricks and building blocks. A mitre guide and locking mechanism allows for customised and precise cutting on a wide range of angles. Designed with a trolley equipped with pneumatic wheels and handles for easy set up and manoeuvrability. User safety is at the core of its design with debris and blade guards and water flow control system for dust suppression.

Blades sold separately.
