

FLEXTOOL PORTAVAC FDC-1A1P

The Flextool PortaVac FDC-1A1P is a lightweight, highly portable dust collector engineered for smaller surface preparation tasks and edge grinding. Featuring a powerful 1200 W motor for increased airflow and a high-quality H-Class HEPA filtration system for reliable and high-performing air filtration for a wide range of projects.

Designed to capture the finest concrete and silica dust particles, the Flextool PortaVac FDC-1A1P is an auto-pulsing dust collector, using patented auto-pulsing technology for 100% uninterrupted working and no manual filter cleaning. It comes standard with a range of accessories and filters.

Ideal for edge grinding, tight workspaces, continuous tool operation, and safe onsite dust management.
