

# FLEXTOOL WALK-BEHIND POWER TROWELS FT34-2, FT40-2

Flextool Walk-Behind Power Trowels are available in a 34" and 40" working width. These robust, durable and reliable concrete power finishing units are ideal for residential and small commercial projects. Featuring a heavy-duty gearbox and spider, height adjustable and padded handlebar, and easy blade tilt system, they are designed for optimum performance and operator comfort.

## Blade tilt system

Fast pitch mechanism for quick, on the fly adjustment of the blade angle

## Height adjustable and padded handlebar

For superior ergonomics and operator comfort

## Lifting hook

Central lifting hook for easy and safe onsite handling

## Honda GX160 engine

Provides hassle free operation and low engine emissions

## Sealed clutch and belt guard

Protects against the ingress of unwanted materials that can prematurely wear out critical clutch components and V-belt

## Access panel

- Easy blade replacement
- Offers convenient access to serviceable components

## Heavy-duty gearbox and spider

- Robust and durable design for the toughest floating and finishing applications
- Reduced maintenance and extended service life
