

MQ WHITEMAN WALK-BEHIND POWER TROWEL CA4HC (EDGING SERIES)

The MQ Whiteman Walk-Behind Power Trowels (Edging Series) are available in 24", 30" and 36" working widths. The quality CA4HC trowel enables the operator to finish tight to the wall without marking or marring and easily manoeuvre around obstacles. Incorporating superior balance, durability and heavy-duty centrifugal clutch and gearboxes, this quality walk-behind power trowel provides contractors with the ideal machine for both residential and commercial construction work.
