PARTS REMARK INDEX

How to read the marks and remarks used in this parts book.

Section 1: Explanation of Code Use In "MRK" Column

OO: Interchangeable between the new part and the old one.

XX: Not Interchangeable between new and old.

OX: New part is usable for the old machine but the old part is not usable for the new machine.

XO: The old part is usable for the new machine but the new part is not usable for the old machine.

Note: In case of the lack of interchangeability between the new part and old part, a new part may be used by replacing all other parts found in the assembly. In this case, refer to section 2 for instruction on identifying other parts involved in a new assembly.

AD: Newly established(added)

DC: Suspended(discontinued)

NC: Part number changed

QC: Quantity used has been changed

NS: Not supplied individually but supplied in an assembly or a group.

AS: Special part designed to allow interchangeability between new and old part.

CR: Correction

Section 2: Items Found In "Remark" Column

Serial Numbers — Where indicated, this indicates a serial number range (inclusive) where a particular part is used.

Model Number — Where indicated, this shows that the corresponding part is utilized only with this specific model number or model number variant.

or * : All parts with the same number following # or * belong to the same assembly. this part cannot be interchanged individually with any other assemblies to replace an old part (indicated by #), with a new part(indicated by *), then all other parts of that assembly must be replaced with new ones.

Note: If more than one of the same reference number is listed, the last one listed indicates newest(or latest)part available.

Section 3: Example

ľ	REF NO.	PART NO.	PART NAME	QTY	MRK	REMARKS
	457(1)	5122-09230	Hinge Metal, Upper/24g	1		-1070#3(5)
I	457(2)	5072-09420	Hinge Metal, Upper M16	1	OX(3)	U1071-(6) * 3(7)

- (1) Old part
- (2) New part
- (3) New part usable with old machine, but old part not usable with new machine (reference section 1).
- (4) Old part number is used through this machine serial number.
- (5) Old part, used in an assembly with other parts marked with #3. To use this part on a new machine, all other parts in this assembly must be replaced with old ones.
- (6) New part put into use starting with this serial number and is still current.
- (7) New part used in an assembly with other parts marked *3, to use this part as a replacement for an old part, all other *3 marked parts must be changed at the same time.

Section 4: Items Found In "MK2" Column

(only for suspended products)

! OO ("OO" is shown in figure): The part shown in lower line is supplied.

! SD: Not available due to termination of production.

! NS: Not supplied individually, but supplied in an assembly or a group.

! PD : Supplied as unit product.

SS: Not available after stock run out.

(The contents of this parts catalog are subject to change without notice.)
